It is important that you read the following important terms and conditions before using this App because you have to confirm that you accept these Terms of Use in order to use the App. Clauses 9, 10 and 11 contain information about the extent of our liability to you.

1. SUBJECT MATTER OF THE AGREEMENT

- 1.1 These Terms of Use apply between Florio GmbH and the User of the App. The App is made available to the User via the Apple App Store and the Google Play Store.
- 1.2 The contractual relationship between Florio GmbH and the User of the App is on the basis of these Terms of Use and covers the operation and provision of the App. The App is conceived for patients with immune thrombocytopenia (ITP) and is intended to help better manage the treatment of ITP. The Users can record their medical condition, their lifestyle and their treatment with the aid of the App and an optional wearable (e.g. smart watch) that they might have connected to platforms such as Apple HealthKit or Google Fit.
- 1.3 In order to use the App and accept the Terms of Use, Users must be at least 18 years of age. If you are under 18, you must ask your legal representative (e.g. your parents, primary carer or legal guardian) to register your profile in your name and to agree to the use of the App and to these Terms of Use.
- 1.4 Florio GmbH will receive personal data from you, which Florio GmbH uses for the purposes described here and in the App Privacy Policy. For details in this regard, please see clause 7 of these Terms of Use as well as our separate App Privacy Policy. As outlined in the App Privacy Policy, we may use your non-identifiable data to support ITP-related scientific research, in compliance with the applicable data protection rules.
- 1.5 Your acceptance of these Terms of Use creates a legally binding contract between you as the User and Florio GmbH as the party responsible for the App. If you do not agree to these Terms of Use, please do not use the App.
- 1.6 The ways in which you use the App may also be controlled by the rules and policies of the Apple App Store/Google Play Store from which you download the App (the "**App Store**").

2. COSTS OF THE APP AND ITS USE

- 2.1 Florio GmbH makes the App available to you, the User, without you having to pay any money in return.
- 2.2 Downloading the App to your device and using the App via the Internet may lead to incurring costs that you will have to pay to your service provider.

3. **PROVISION OF AND CHANGES TO THE APP**

- 3.1 In the case of an iPhone device, it supports the latest major iOS version and at least one below. In the case of Android devices, at least Android v9.0 or later is needed. Each User is responsible him- or herself for meeting the technical requirements for use of the App. The App does not support dynamic text functionalities; accordingly, each User is required to run the App with text settings of their mobile device which ensure readability of texts and App notifications.
- 3.2 Florio GmbH will provide necessary updates for the App from time to time, e.g. security updates or technical updates necessary for an undisturbed operation of the App. As the User, you alone are responsible for installing updates for the App. If you do not install due updates, it is possible that you will no longer be able to access all functions of the App or use the App. Besides updates, Florio GmbH reserves the right to change individual functionalities of the App, in particular to extend, limit or discontinue these, or to change the user interface of the App, while taking reasonable account of your interests, if there is a valid reason for such a change, such as a necessity to adapt the App to a new technical environment (e.g. changed operating systems), an increased number of users, new or changed patient needs, new medical or scientific findings regarding ITP, new medications or therapies for ITP, or regulatory requirements, or another important operational reason.
- 3.3 In line with regulatory requirements, the software version's lifetime ends with the availability of a new version in the respective App Store. Florio GmbH may discontinue the support of an obsolete version at any point in time. You may continue to use the App by switching to the most recent version of the App.
